PROFESSIONAL SUMMARY

Software Engineer with **4 years of experience** (since 10/2022) building enterprise business applications in **C#, ASP.NET Core Web API, Entity Framework Core and SQL Server**. Delivered live HR, document-workflow and customer-facing systems at LAUGFS, and ERP modules for plantation, export, inventory and finance operations at Future Tech Services. Combines **Clean Architecture and complex SQL reporting** with hands-on client implementation and user training. Currently extending into **React, Next.js and TypeScript** for end-to-end delivery.

TECHNICAL SKILLS

Languages: C#, T-SQL, TypeScript, JavaScript, Java, Python, Dart

Backend & Frameworks: ASP.NET Core Web API, .NET, .NET Core MVC, Entity Framework Core, WinForms, REST APIs

Architecture: Clean Architecture, Dependency Injection, Repository & Service Patterns, DTOs, Validation, RBAC, Authentication

Databases: Microsoft SQL Server (Stored Procedures, Reporting Queries), PostgreSQL, MySQL, SQLite, MongoDB, Firebase, Prisma ORM

Frontend: React, Next.js, Angular, HTML, CSS

Tools & DevOps: Git, GitHub, Azure DevOps, Swagger, Postman, Visual Studio, VS Code, SSMS, SAP Crystal Reports, Vercel

Integrations: PDF Generation, QR/Barcode Processing, SMS Gateways, Legacy System Integration

PROFESSIONAL EXPERIENCE

ASP.NET Web API Engineer

2025 – Present

LAUGFS | Sri Lanka

- **Performance Management System** (pms.laugfs.lk): built APIs for goal setting, multi-stage appraisals, scoring and supervisor approvals, plus bell-curve rating analytics across companies, departments and employee categories using complex SQL Server queries.
- **EcoSri Digital Receipt:** turned legacy vehicle-emission test data into customer-facing digital certificates with PDF generation, QR/barcode lookup, vehicle images and SMS access links.
- **eForms & Document Management** (eforms.laugfs.lk): delivered document submission, multi-stage processing, assignments, SLA tracking and operational reporting.
- **Employee & Member Management:** built employee, contact and family-member modules combining layered Web APIs with reusable React components, modal workflows and data tables.
- Apply Clean Architecture, dependency injection, repository and service patterns, DTOs and validation across all APIs; maintain and integrate legacy databases, stored procedures and applications.

Associate Software Engineer

10/2022 – 2025

Future Tech Services (Pvt) Ltd | Sri Lanka

- Developed and extended a plantation ERP in **C#, .NET WinForms and SQL Server**, building new modules from requirements to deployment.
- **Export & Warehouse:** tea auction purchasing, blend creation, item allocation, shortage/excess recording, blend packing and shipment processing.
- **Inventory / Centralized Stores:** purchase orders against requisitions, GRN-based FIFO stock balancing, item issuing and estate-wise GRN tracking.
- **Budget & General Ledger:** monthly budgets by chart of accounts, budget vs. actual analysis, P&L, NSA and trial balance reports, and overspend alerts.

- **Timber Management:** estate-wise timber inventory, tree-level height and girth recording, valuation, sale allocation, invoicing, payment tracking and profit calculation.
- Built Admin Panel features and SAP Crystal Reports; led client meetings, on-site system implementations and user training for smooth go-lives.

PROJECTS

- **Organization Management API** (ASP.NET Core, EF Core, SQL Server): layered API demonstrating dependency injection, repository and service patterns.
- **Employee Contact Management API** (ASP.NET Core, EF Core): multiple phones and emails per employee, modelled with composite keys.
- **GAS CRM** (Next.js, React, TypeScript, Prisma): CRM web application with a typed frontend and Prisma data access.
- **Finance & Loan Tracker** (Flutter, Dart, SQLite): offline mobile app for income, expenses, loans and partial repayments.
- **Student Management System** (.NET Core MVC): student records application with full CRUD operations.
- **Personal Portfolio** (Next.js, React, TypeScript): responsive site with theme switching and live GitHub and YouTube integration. [View site](#)

EDUCATION

BSc (Hons) in Information Technology

03/2019 – 11/2022

University of Sri Jayewardenepura | GPA 3.24 / 4.00 | Second Class (Lower Division)

CERTIFICATIONS

- **Foundational C# with Microsoft** — freeCodeCamp (02/2025)
- **Computer Science & Human Resource Management** — SLTC Associate (05/2021 – 11/2021)

LANGUAGES

Sinhala (Native) | English (Professional Working Proficiency)
